

WITH STRENGTH AND FLEXIBILITY, YOUR LABORATORY IS IMPOWERED™

Value Adds

By partnering with physicians to deliver quality care, you help save lives almost every day. If a

Data Innovations offers a variety of solutions to your most intractable challenges, solutions that will make your lab run smoother and more efficiently. We IMpower your lab to help you meet demands now and in the future.

patient's specimen sits on a rack while the patient sits in the ER, he is not getting the kind of care you signed on for. You want to provide physicians with real-time information. That's where Data Innovations steps in. We IMpower™ your lab by:

- Eliminating many mundane tasks, thereby lowering personnel costs
- Minimizing downtime
- Maximizing your efficiency and control
- Maintain sample and system audit information

Other Reasons to IMpower™ Your Lab:

- On-site or remote installation
- 24x7x365 emergency support available
- “Time zone sensitive” technical support hours
- Web portal for management of support requests and online knowledge base, drivers and documentation
- Active monitoring of system via Device Relationship Management (DRM)
- Custom and standard training programs available
- Implementation and consulting services
- FDA 510(k) Clearance; comprehensive systems developed and support Instrument Manager

Data Innovations offers a variety of solutions to your most intractable challenges; solutions that will make your lab run smoother and more efficiently. With Data Innovations' unique, powerful Notifier application, you can be immediately notified based on user-defined events. For example, if your hard drive is almost full and needs attention to keep your lab fully operational, you would be notified immediately.
