Regulatory Compliance

An Operational Efficiency Story:

Mid America Clinical Laboratories (MACL) has experienced rapid growth over the past 5 years. Data Innovations middleware has been central to this expansion by providing extraordinary advances in our operational efficiency. These outstanding results include:

Implementing Autoverification using Data Innovations middleware resulted in:

- Reduction of manpower needs by 30%
- Immediately reduced STAT turnaround by 20 minutes
- Reduced errors, simplified processing, accelerated workflow

Mark Ballard, CIO
Mid America Clinical Laboratories, LLC. Indianapolis, IN
